### Western Catholic Educational Association

For the past 17 months the school's faculty and staff have been working on an in-depth self study as part of the school's accreditation process with Western Catholic Educational Association (WCEA). Through this process we have examined data and evidence related to Mission & Catholic Identity, Leadership & Governance, Academic Excellence, and Operational Vitality. Through this process we have identified areas of strength and have established goals and an action plan for growth. A Visiting Committee will spend time at the school March 1st through 3rd.
